Our Business Creed

We believe in the goods we are handing out in the firm we are building up and in our ability to get results. We believe that honest goods can be passed out to honest people by honest methods. We believe in working not weeping, not knocking, and in the pleasure of our work, we believe that a man can reasonably expect to get what he goes after. That one dead done now is worth two planned for the future. We believe there is something doing somewhere for every man ready to do it. We believe we're ready right now.

V. W. McInnis, of Lethbridge, was in town on Tuesday.

W. J. Luttie, of Pincher Creek, spent Tuesday in town.

F. Brouleth, of Pincher Creek, came to town on Monday.

R. S. Robertson and H. W. Phillips went to Fernie on Tuesday.

Inspector Belcher, of the R.N.W.M.P., was in town on Tuesday.

BORN.—On Saturday last, a son to Mr. and Mrs. Wm. Ashurst.

J. A. McDonald, of Lundbreck, was in town this week doing business.

How about those oysters in half shells at the Palm. They are fine.

Mrs. Frank Hughes, of Crow's Nest, is visiting Mrs. J. O. C. Macdonald.

Try those splendid Olympia oysters at the Palm, they make fine cocktails.

Thomas Leysham left on Tuesday night to take a position at the Hillcrest mines.

Rally to the bible class held in the Presbyterian church every Sunday afternoon at 3.45.

D. L. McPhee, went to Nelson B. C., on Monday morning last and returned to town on Tuesday.

Louis Torchart, the little boy who was bitten in the face by a dog last week is doing well.

Mrs. Malcolm Morrison was taken suddenly ill at her mother's residence on Wednesday morning.

The addition to J. W. Powell's house was finished on Tuesday. The work was done by contractor Davies.

An informal dance will be given by the gentlemen of Coleman, in the opera house, to-night, to Mr. and Mrs. Povah.

LOST.—Between Frank and Blairmore ladies gold watch. Finder will please return same to central telephone office, Blairmore, and receive reward.

Coleman can now boast of having two good choirs—one in the Presbyterian and one in the C. of E. church. Lovers of high-class singing should hear them.

A meeting of all interested in the debating club is called for Tuesday night next at 8 o'clock, in the club room. Ladies as well as gentlemen are cordially invited.

Thomas Plante who owned the Eagle restaurant has sold his business to A. Bouthillier, of Pincher Creek. Mr. Bouthillier who conducted a boarding house at Pincher Creek took charge of the Eagle here on the 15th inst.

On Thursday afternoon while Hurry Williams, of the Crystal daily of Blairmore, was making his usual rounds in town his team took fright when near the Boarding house and collided with a tree, breaking the tongue, double-tree and the harnesses. The team broke loose but were soon caught. It is a not unusual thing for this team to take fright, this being the second time within one week and the eighth or ninth time within a few months.

CRISIS IN CHINA

Emperor and Dowager Empress of China Dead—Prince Pu Yi Succeeds to the Throne

Pekin, Nov. 15.—The Dowager Empress of China, the autocratic head of the government which she directed without successful interference since '01 is officially announced to be dead. This was closely followed by the report of the emperor's death at five o'clock, but it is believed that the deaths of the emperor and empress occurred considerably before the thrust down in the official statements.

The foreign legations were notified this morning of the death of the Emperor and the succession of Prince Pu Yi, the three year old son of Prince Chin. The court will go into mourning for three years.

All the red objects have been removed and blue has been substituted. The people learned this evening of the death of the Dowager Empress. All the Chinese are not an emotional people, they were profoundly impressed by the passing of their powerful ruler. The death bed observations of three thousands years ago marked the passing of the Emperor and Dowager Empress. They died alone and unattended although surrounded by circles of select spectators, who remained a red distant because of the sacred person of their majesties. The Emperor refused all scientific aid. He had refused to permit the services of foreign physicians for months and although it was stated that he had gone back to the old form of medical treatment, it is believed that lately he received no treatment at all.

London, Nov. 15.—The Times' Pekin correspondent says: "There are countless rumors concerning the nature of the Emperor's illness and the manner of his death. No scientific opinion can be obtained but the general description of the symptoms indicate a severe nervous affection in which complications arose that caused death." The palace officials, according to the correspondent, state that the Emperor declined to allow himself to be removed to the pavilion of peaceful longevity, thus violating precedents and eventually expired without during the robes proper to the occasion, in the same quarter of the palace in which he was confined after the coup d'etat of 1908. His relations with the Dowager Empress remained strained to the last. As the Dowager's decree issued late Saturday night appointing the new Emperor, indicates no impairment of her vitality, her unexpected death excites suspicion of foul play. There are rumors of disorder in the palace and its precincts.

All accounts agree that the new Dowager Empress is a complete nonentity but the new regent's mother-in-law is a woman of strong character and is certain to exercise an important influence in the new regime."

E. Dinsdale arrived from Lethbridge the latter part of last week and returned to Lethbridge again this week.

Wm. Haley, the livery man, had the worst piece of his left hand broken last week by falling on it. He is now doing well.

W. O. Taylor has declined to accept a position with a well-known perfume house in Toronto, and still remains his position here. He finds it hard to leave the Coleman boys.

Mrs. James Burrows, received the prize for best waiting at the dance given in the opera house at Coleman on Monday night last. Mrs. Henderson also did some good waiting and deserves special mention.

Notwithstanding the fact that a large number of Bush Town residents had to appear in court recently charged with being drunk and disorderly on Thanksgiving day, it is reported that they are preparing for a greater celebration on the fourth of next month.

Dr. Barrow, provincial health officer, residing at Edmonton, was in town on Friday last and was accompanied around town by Mr. Gate.

After making a thorough inspection Dr. Barrow was pleased with the sanitary conditions of most of the town, and those places which did not meet with his approval have been dealt with in court and the defects remedied.

FOR SALE.—A cottage beautifully situated, comfortable and located in the residential portion of Coleman. A good cash proposition or easy terms will be given. S. Charles Brooks, The Custom Woods, 7 Brook street, Northwicks, B.C.

BOXING CONTEST

At Coleman, Nov. 17, Between Kid Howell and Jim Burrows—Burrows the Better Man

The boxing contest, given in the Coleman opera house, on Tuesday night, was well attended and did not prove to be a fake as some thought that it would be.

At 9.45 the first of the two preliminaries started, Sailor Woods, of Elk, B.C. and Charlie Burrows, of Frank Woods put in several good punches on Burrows' nose and was decidedly the better man all through. The third round opened very much in Burrows' favor but neither one did high-class work. In the fourth round the both boxers did well, several good blows were landed by both. The referee decided in favor of Woods.

Woods held the championship in the British Navy for two years and a half. At Ferguson, B. C., on Labor day last, Woods knocked out Kid Howell in the seventh round. Burrows is not satisfied with the referee's decision and has challenged Woods to meet him at Coleman at any time for a limited number of rounds.

The next item of the programme was club swinging given by D. J. Lewis. Lewis was well applauded and showed himself to be an excellent club swinger."

Next came the event of the evening when Jim Burrows, of Coleman and Kid Howell, of Seattle, Wash., U. S. A. met on the platform for a twelve round boxing contest. The first round was slow but both did some scientific boxing. Burrows kept his man on the side of the ring all through. The second round was little faster than the first but there were no heavy blows struck. The third round was a very fast one. Kid got in a good one on Jim's nose. Jim was not in any way lacking and the work done by him in this round was a proof of his good boxing abilities; this round opened in Kid's favor but ended in Jim's favor. There were some heavy blows struck by both boxers in the fourth round and Kid came very near putting Jim down at the commencement. Jim knocked Kid on the mat where he remained nine seconds. Jim was the better man all through. About eight seconds after the fifth round started Jim landed a heavy blow on Kid's face. Later, Kid placed two good blows on Jim's face and sided several heavy blows from him. The sixth round opened in Kid's favor but Jim soon had things all his own way and got in three heavy blows on the left side of Kid's face and nose. The seventh round ended the contest, shortly after the commencement Jim gave Kid an upper-cut on the left jaw and knocked Kid on the mat where he remained more than ten seconds and the referee decided in favor of Jim Burrows. No further comment is necessary than to say that Kid Howell put up a good fight all through but Jim Burrows is by far a superior boxer. The referee was J. C. Roman, of San Francisco. Burrows is two inches higher and thirteen pounds heavier than Kid Howell.

COURT NEWS

The court treasury has had its fund increased considerably recently. Nine residents of Bush Town were up before the court the latter part of last week charged with assault, eight of them were fined \$1 each and costs and one was fined \$20 and costs which made his bill amount to \$27.50. Will he be good?

Several persons were before the court during the week charged with polluting streams and not keeping their premises in sanitary condition. Sanitary fines were imposed in each case. Further violation of the sanitary regulations will be more severely dealt with in future.

Magistrate Sauvage disposed of all these cases and all the fines were paid.

BLAIRMORE WATERWORKS

The waterworks' question is a live one in Blairmore. A great deal of kicking is being done by the different factions. This speaks well for the town. It goes to show that the ratepayers are taking an active interest in public matters for the good of the town. Some want a franchise given to a private company, on the other hand, the council are gathering information with a view to a superior plan for a plant to be owned and operated by the people for the benefit of the people or in other words "public ownership." The question will be fully discussed at a public meeting which will be held in the course of a few weeks.

To make fortunes out of the future you must get something into the present.

PROSPECTS ARE GOOD

Petroleum Believed to be in
Abundance in the Vicinity of
Pincher Creek

Pincher Creek, Nov. 19.—Consider-
able excitement has been caused here
by the discovery that Dr. I. C. White,
the great American gas and oil geol-
ogist, located in October of last year
a great oil reservoir on the Anticline
ridge passing through this town and
extending from the south fork of the
Old Man River at the northwest, to
the Waterton River, southeast of
here. Dr. White was engaged by one
of the oil companies operating in the
vicinity, and although it was known
that he had reported that gas would
certainly be found near here, the fact
that the prospects for oil were equally
good was suppressed by the directors
of the company and held secret, even
from their shareholders, and a second
report, referring only to gas, was
made public. The company in the
meantime has secured leases covering
all minerals, which will include gas
and oil over about 15,000 acres. The
information as to the real conditions
has only now leaked out through the
company above referred to having
just let contract to a Pennsylvania
firm of well drillers to sink a num-
ber of wells. They are now placing
four oil well-drilling rigs on their
leases here. Southern Alberta may
soon be in the throes of a big oil boom.
Lands are reported to have already
advanced considerably in this vicinity.

LOCAL OPTION FIGHT

At Claresholm—Will Vote on
November 24th—Both Sides
Putting up a Big Fight

Claresholm, Nov. 19.—The local
option campaign is drawing to a close
the vote taking place November 24.
This is the first important town in
the province to vote on local option,
and the outcome is awaited with great
interest. As in Ontario the temper-
ance people have to secure a sixty per
cent. vote, and are working hard to
overcome the handicap. They claim
to have a majority vote now assured.
The Licensed Victuallers' association
of the province here their organizers
here and he is waging a vigorous war
of education to show the futility of
such legislation. The liquor men had
the first page of the local paper last
week showing where prohibition didn't
prohibit in places across the line. The
temperance people have the paper this
week and are replying. The temper-
ance advocates are distributing a
quantity of literature and waging a
thorough campaign. Last Sunday the
churches devoted the day to temper-
ance.

The struggle is unique as the first
in the province, and the liquor men
realize that if local option carries in
Claresholm it will be followed by sim-
ilar campaigns all over the province.

BELLEVUE HANDKERCHIEF BAZAAR

A handkerchief bazaar was held at
Bellevue Monday night. The ladies
had prepared a splendid assortment of
goods. The fancy goods stall, in
charge of Mrs. J. Wilcox and Mrs. J.
H. Ashdown, took in \$30. The plain
goods stall, in charge of Mrs. Humble
and Miss May Varley, made \$19.65.
The handkerchief stall, in the hands of
Mrs. Hallworth and Miss E. Evans,
realized \$20. Miss Jessie Eldridge
and Miss Oliphant, with the gaudy
stall, made \$3. The sale of baskets
made \$25.50. Grand total of \$101.15.
Refreshments were served at the
close by Mrs. Emerson and Mrs.
Rudd.

The ladies aid have had a most suc-
cessful and enterprising year, having
made over \$250 for the twelve months.

The farmers throughout the
district are doing a considerable
amount of building these days
judging by the amount of lum-
ber which is daily being hauled
away.

If the mild weather, together
with the chinooks, keeps up
much longer the farmers will
be able to continue their fall
ploughing which was cut short
by reason of a few nights of
zero weather.

The work of installing the
machinery in the derrick of the
oil well, 1 mile south of here, is
progressing very favorably and
should be in position to com-
mence drilling inside of a week
now. The new boiler is already
set up together with the one
formerly used. The outfit has
moved half a mile further north
and will start a new well as the
other one was somewhat out of
line.

FRANK NEWS

F. H. Sherman, of Taber, was a
visitor in town on Tuesday.

Mr. Beach, of Macleod, son of A. C.

Beach is visiting his parents at Frank.

A. E. Spriggs, of Spokane, one of
the directors of the coal company, was
in town on business Saturday.

J. A. McAuley, who was recently
injured on the coal chutes, is improv-
ing as well as can be expected.

The C. P. R. have a gang of men re-
pairing the coal chute which was
damaged by the recent accident.

The business at the custom's office
here has increased to such an extent
that it has been necessary to install a
safe.

Building operations have com-
menced on the new power house here.
The contract was awarded to Fryer
& Sinclair.

Fred Livingstone, who has held a
position with The Frank Paper left
Friday morning for Spokane where he
will take up a position with the
Spokane Review.

BLAIRMORE NEWS

Mrs. M. Murphy, of Cranbrook, is
visiting at A. McLeod.

Miss Sunstrum lost a valuable gold
watch Sunday between Blairmore and
Frank.

C. L. Remeau and R. Green returned
this week from a business trip to
Ferne.

George Jackson, who had his ankle
badly dislocated a short time ago, will
soon be able to resume work again.

Al. McRae is building a large new
dwelling and it will be ready for occu-
pancy about the end of the month.

The big new cellar of the Crow's
Nest Flour & Feed Co. will be com-
pleted and ready for storing of goods
this week.

Blairmore will have to wait some-
time yet for electric lights. The
Frank Co. who were expected to fur-
nish light in the near future have de-
cided not to extend their lines to this
place.
